BOARD OF ALDERMEN.

Action on the Removal of Commissioners of Accounts-Examining the Esti-mates for 1875-Discussion and Wrang-

ling.

A meeting of the Board of Aldermen was held sterday afternoon for the special purpose of taking into consideration the estimates of the Board of Apportionment in conducting the different city departments for the year 1875. All the imates have been regularly passed upon by the Board of Apportionment and they are now before the Aldermen for adoption. The latter gentlemen have only power to suggest amendments and can-

not effectually alter appropriations. The following members were present yesterday :- Aldermen Vance, Billings, Flanagan, Gilon, Kehr, Koch, Lysaght, McCafferty, Monheimer, Morris, Ottendorfer, Riley, Van Schaick and

It was agreed that each appropriation be read separately, and the members could then express their concurrence or opposition thereto.

THE REMOVAL OF COMMISSIONERS OF ACCOUNTS. Befere proceeding to the special business of the meeting Aiderman Monnetmer asked permission to introduce the following resolution relative to the removal of the Commissioners of Accounts by

Mayor Havelmeyer:—
Whereas Mears, Howe and Bowland, late Commissioners of Accounts, who have been recently removed from that office by his Honor the Mayor, had, as the Board is advised, shortly prior to their removal, completed an examination of the expenses and affairs of the Fire vepartment, which they made at the request of this Board, but had not yet submitted a repart of such examination, and whereas it would serve the public interests that the information which such report would contain should be afforded, notwithstanding the removal of the said Commissioners; be it therefore. Resolved, that Messrs, Howe and Bowland be and they are hereby requested to present and submit to this board a report of their examination of the affairs of the Pire Department, with such suggestions and recommendations in relation thereto as they would have made in the discharge of their dunes as such Commissioners, if they had not been removed from office.

This resolution was passed by a unantimous vote.

dations in relation thereto as they would have made in the discharge of their duties as such Commissioners, if they had not been removed from office.

This resolution was passed by a unanimous vote.

THE ESTIMATES.

A communication was received from Sheriff Conner, asking for an appropriation of \$90,000 to cover Sheriffs fees. The matter was subsequently reterred to the Board of Apportionment on motion of Alderman Kent.

A resolution was adopted directing the following increase in the appropriation for the Police Department:—For patroimen, \$46,800; cierks and deputies, \$1,000; nemoval of dirt and ashes, \$43,000; supplies, \$1,000; removal of dirt and ashes, \$43,000.

The expenditure for cierk hire of Commissioners of Accounts was increased from \$6,000 to \$12,000; also the Item for salaries of cierks and assistants in the Corporation Attorney's office from \$6,000 to \$12,000; the members being unanimously in favor of the last mentioned item.

Alderman Van Schaick offered a resolution that the Comptroller be requested to turnish a statement of receipts from the Bureau of City Revenue for the years 1869, 1870, 1871 and 1872. On calling lately upon Colonel Dunlan, chief of this bureau, the speaker was informed that the receipts last year amounted to \$736,000.

The Board having gone into Committee of the Whole, with Alderman Cooper in the chair, the clerk proceeded to call off the different items as submitted by the Board of Apportionment. These figures have already appeared in the Herald in detail, and the only interest at present are the alterations suggested at yesterday's meeting.

The Mayoraity estimate was increased as follows:—Contingencies, from \$2,500 to \$10,000; salaries, Bureau of Permits, from \$5,000 to \$10,000; salaries, Bureau of Permits, from \$5,000 to \$10,000; salaries, Bureau of Permits, from \$5,000 to \$10,000; contingencies, Bureau of Permits, from \$5,000 to \$10,000; salaries, Bureau of Permits, from \$5,000 to \$10,000; salaries, Bureau of Permits, from \$5,000 to \$10,000; salaries, Bureau of Permits,

nsiderable talk was occasioned by a proposi-to appropriate \$250,000 for the payment of

tion to appropriate \$250,000 for the payment of rents of armories.

Aiderman Van Schaick remarked that no matter what action the Board took Comptroller Green would do what he pleased. Many grievances ex-isted in this matter of armories. Bad selections had been made of buildings, the notorious Glass hall being at one time used for this purpose. Referred to the Board of Apportionment.

Aiderman Gilon moved to allow \$20,000 for the support of prisoners in the County Jail. This prop-cation brought out some bitter assertions.

Alderman Glion moved to allow \$20,000 for the support of prisoners in the County Jail. This proposition brought out some bitter assertions.

Alderman McCafferty stated that great frauds had been committed in the administration of this institution. The Board had asked for a monthly statement from the Sheriff of the number of prisoners who were in the jail, but the request had not been granted. The bills were sent in as a whole, without detailed statement, and the Board had no means of judging their correctness. The sum of \$8,000 was finally allowed for this item.

A proposal to give \$5,000 to the National Rife Association was lost.

Alderman Van Schaick called attention to the appropriations of the Finance Department. He was satisfied that the labor could be done at an excesse of more than two-thirds of the sum proposed. A reduction of \$80,000 had been made, but this was not at all sufficient.

The item of confingencies in the Law Department was cut down from \$100,000 to \$50,000. A resolution to reduce the appropriation for salaries of cierks and messengers in same department from \$50,000 to \$25,000 was lost.

The Board concluded the day's proceedings with the examination of the Department of Public Works for salaries was increased from \$140,000 to \$150,000 on motion of Alderman Monhelmer.

The Board concluded the day's proceedings with the examination of the Department of Public Works for Salaries was increased from \$140,000 to \$150,000 on motion of Alderman Monhelmer.

The Board concluded the day's proceedings with the examination of the estimates.

BOARD OF SUPERVISORS.

An Opinion from the Corporation Counsel-They Have No Power to Audit Claims Against the City and County. The Board of Supervisors met yesterday for a ew minutes. The only business of any interest watch transpired was the reception of a written opinion from Corporation Counsel Smith relative to the powers of the Board in auditing claims. The gentieman decides that the Board has no such authority, since the passage of the Consolidation act, either on claims contracted before or after the law went into effect. He also decides that ac-tions can be maintained against the city and county of New York without this audit.

MUNICIPAL NOTES.

Mayor-elect Wickham has been through nearly all the departments in search of information and statistics for his forthcoming message. It is needless to remark that he has been received by all officials with the most obsequious kindness, while the deepest interest was manifested in his move-

the deepest interest was manifested in his movements. While Mr. Havemeyer's name is scarcely ever mentioned, the name of Mr. Wickham strikes upon the ear in every nook and corner of the City Hail. "The King is cead: long live the King."

The Department of Buildings is in trouble—at least the officials of this branch of our city government, Heads of republicans are failing to make way for the new dispensation.

Mr. John Maguire, member of Assembly from Chemung, and formerly of Schuyler, visited the various departments at the City Hall yesterday. This gentleman is said to be slated for the speakership of the next Legislature. He was shown around by Colonel "Tom" Dunlap, the Collector of City Revenue. By the way, "Tom" is one of the best informed and shrewdest of our City Hall magnates. He has managed to engineer his way through all city administrations for the past twenty years, and always turns up on the right slide.

Washington, Nov. 18, 1874.

After the opening of the Court the Judge gave one of the defendants, Harrington, permission to absent himself from the court room in an adjoining room during the course of the arguments.

General Henkle resumed his argument, and concluded it at one o'clock. He forcibly argued concluded it at one o'clock. He forcibly argued that Coionel Whitley was innocent of any connection with the conspiracy. He closed by urging the jury to bring in a verdict of acquittal "if they lound a possibility of a doubt about guint." A recess was taken until two o'clock.

After the recess the Juage directed the jury to retire for the present, and asked if a return had been made to the notice in the Whitley and Dawson cases.

Mr. Henkle came in after a little delay, and said District Attorney Pisher had kindly consented to prepare the return to this notice, so that it might be beard at this sixting of the Court.

Mr. Pisher then read the answer of Whitley, setting forth that he swore out the warrant against Hayes because the matter alleged as perjury, viz:—That Whitley was in New York on April 6, was material to the case at issue, and because several witnesses had testified to the fact that Whitley was in Boston and not in New York on that day. The warrant was sworn out early in the month, and it was undershood the officers served it because they believe Hayes was about to leave the city, and, further, that the assertion of Hayes in regard to the whereabouts of Whitley was unirue, The case was postponed until to-morrow.

Further argainment in the trial was defeared and the Court then adjourned.

POLICE TRIALS.

Charges of Perjury and Drunkenness Against Officers.

Commissioner Voorhis sat yesterday to inquire into charges against patrolmen by their superior officers. The most important cases heard were those of Officers William Reilly, of the Twenty-ninth precinct, and Isaac Henderson, of the Eightn preprecinct, and Isaac Henderson, of the Eighth precinct. The charge against Officer Reilly was of
perjury; that in January last he represented
himself as only thirty years old for
the purpose of procuring an appointment as patrolman, while recently, during
a trial, he swore that he was thirty-two
years old. Reilly said he was confused when he
made the second statement of his age, and that
he had written for papers to prove the time of his
birth. The case was adjourned.

Officer Isaac Henderson was charged by Roundsman Michael Foley with having been drunk on the
morning of the lat of November while on duty.

morning of the 1st of November while on duty. Several citizens supported the roundsman's story, testifying that Henderson appeared to be drunk on that day. Then came on the stand the policeman, supported by other citizens to disprove the charge. Case referred to the full Board.

WORK OF THE CORONERS.

The body of a female child of recent birth was found lying in a pail on the stoop of premises No. 10 West Washington place at a late hour on Monday night by Officer Johnson, of the Pifteenth precinct, whose attention was called to the matter by Mrs. Coleman, occupant of the house. The body was sent to the Morgue and Coroner Woltman notified.

About eight o'clock yesterday morning the remains of an unknown man were found doating in the dock foot of pier 28 East River. Deceased wore a wine-colored coat, blue vest, dark mixed pants and white muslin shirt. Deceased, who was baid, had but one arm (the left) and had not been long in the water. The body was sent to the Morgue and Coroner Woltman notified.

Moses O. Baker, a locksmith, fifty-one years of age, recently living at No. 134 Eighth street, died recently from the effects of a pistol shot wound of the hand received over a month ago. Mr. Baker was repairing a revolver, and in withdrawing the charges an explosion occurred with the result above stated. Coroner Kessier yesterday caused the arrest, by Detective Bennett, of the Central Office, of Mr. William Duryes, one of the members of the Gien Cove Starch Manufacturing Company, in Park place, where James Quinn was killed by the falling upon him of a grating, as heretofore published in the Herkald. The company having been censured by the jury for negligence in not repairing the grating after being duly notified, Mr. Duryea was required to give \$2,000 bail to answer any complaint that may be brought against him. Police Commissioner Duryea became his bondsman.

YOUNG MEN'S WOMAN SUFFRAGE LEAGUE

The nineteenth regular public meeting of the Young Men's Woman Suffrage League was held last evening at Plimpton Hall, Stuyvesant street. The audience, which numbered about 150, was a curious combination of strong-minded women and The audience, which numbered about 150, was a curious combination of strong-minded women and weak-minded men. The subject of the debate was "Woman Suffrage," and was taken part in by Messrs, Philip Heent and Charles V. Slocum, affrunative, and Messrs, Gustar and Waldorf H. Phillips, negative. The young gentiemen talked very loud and very long without saying very much. The sentiment expressed by Mr. Gustar, that "if women were allowed to choose their husbands as men choose their wives, things would be very different," however, meeting with vocilerous appliance, which was joined in by all present, with the exception of the President, Mr. J. K. H. Wilcox, the expression of whose face told too plainly the horror with which he contemplated such an incendiary proposition. The addresses were followed by a discussion with a free platform under the five minutes' rule. During the intermission the President announced that although admission was free the Treasurer was at the door and would receive any contributions which those present might feel inclined to donate, at which one sarcastic individual remarked that the intimation reminded him very much of the hall boys in the hotels at Saratoga, who, while dusting up the gnest, invariably volunteered the information that "wes ain't allowed to take nuffin, but gentiemen always gives us sumfin." Mr. John E. Maioney, who was advertised to address the meeting, was unavoidably absent.

John D. Lee, the Chief Assassin in the Mountain Meadow Massacre, Captured in a Hen Coop.

John D. Lee, for some time, and his arrest was effected earlier than had been expected. The result shows that Marshal Stokes had laid his plans well. It was reported that the fugitive had eight armed men with him. Having business at Pangwitch, Mr. Stokes proceeded thither, and just as he was closing it up he received a message informing him that his man was near at hand. The deputy selected five good and trusty men and entered Pangwitch shortly after daybreak. Most of the people of that town are Lee's votaries, but this early raid took them unawares. When the officer and his posse appeared Lee setzed a revolver and hastily took up his position in a hen coop, which was then covered over with straw.

The Marshal went for the straw with the true instinct of a thief taker, and peering into the coop he perceived Lee, the face of the hidden man being only a foot or two from the opening. Stokes of dered him out. Lee showed no disposition to comply. One of the posse was then sent in to disarm him. Stokes covering his man with his revolver the meanwhile, and informing his aid (one Winn) that if Lee moved he would shoot his head off. Lee said. "Don't shoot, I will come out." He betrayed great trepidation as he came out. During al. this time the numerons women in the house on the premises where the arrest was made had bestirred themselves, and several had their guns levelled upon Stokes and his small party. Had a gun been fired a massacre would have ensued. Stokes' men were all ready and Lee's friends understood that they meant business and would stand no trifling. The news spread through the villagers and the excitement became intense. Considerable loud taiking was indulged in but no attempt at rescue was made. At the prisoner's request his captors stayed while a meal was cooked and showed no hurry to get away. Their coolness was provoking to the villagers. The women in the house occame furious, and indignation rose so high among the villagers. The momen in the house occame furious, and indignation rose so high among the

On departing Lee was placed in a right covered wagon, with four good horses hitched on. Two of the escort were placed inside with the prisoner, the rest mounted their horses and the party started for Beaver. They arrived safely in Beaver the next day. Lee is now under a strong guard in jail. He is quite communicative, but no one is allowed to question him on the Mountain Meado w massacre.

The same vesses also brought Father Montiton, of the Order of the Sacred Heart, of Paris, who has been for twenty-five years a missionary at Tahitt, and is now returning in a similar capacity to the Sandwich Islands. By the same vessel also arrived Father Monn, of Texas, and two other priests of that diocese, who have been engaged in the recent American pigrimage to Rome.

FIRE IN SOUTH STREET.

A fire broke out at hall-past six o'clock yesterday morning on the fourth floor of the building No. 169 South street. The firemen had a great No. 169 South street. The firemen had a great deal of difficulty to reach the flames, and were therefore forced to use water very lavishly. The fire taself did less damage than the other element. The floor on which the flames originated was occupied by George Baker, sailmaker. His loss is \$500. The rest of the building was occupied by W. K. Herman, ship chandler. His loss is \$2,000. The building, which is owned by S. S. Minton, was damaged to the extent of \$3,000. In the adjoining building, No. 168 South street, S. S. Dale kept a gentlemen's furnishing goods and dry good store. His stock was damaged by water so that his loss is estimated at \$10,000.
